

ASE Lab – 9

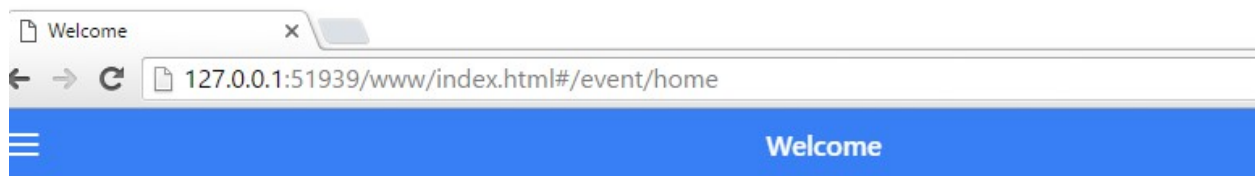

Ionic Wire Frame and Cordovo Plugin

Part1 (Web application):

Created an app for the Customers registration for a party.

It consists of welcome page, registration page and list of customers.

Welcome page:

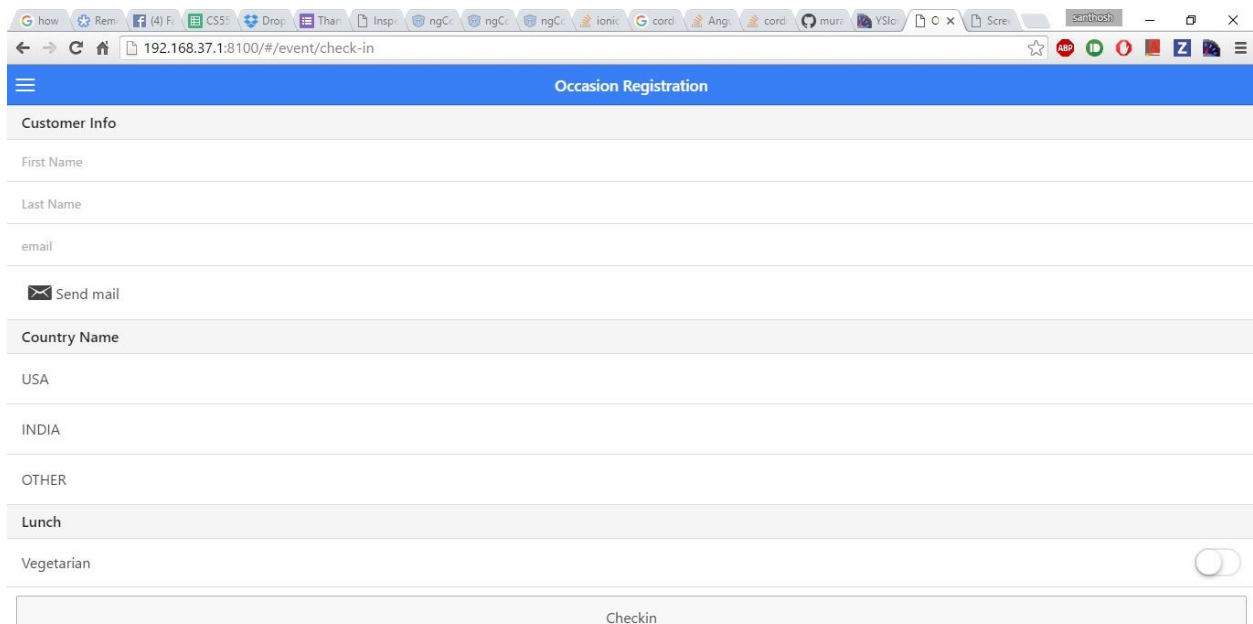

(On Mobile Swipe right for the left menu bar.)

(On desktop click on the navigation button on the top left)

In web-application, we have to click on the navigation button on the top left for the navigation bar. In the mobile, navigation bar can be obtained by swiping right on the screen. Added battery status plugin to the previous project. Based on the percentage, bar will be filled.

A screenshot of a web browser window displaying a registration form. The browser's address bar shows '192.168.37.1:8100/#/event/check-in'. The page has a red header bar with the word 'Menu' and a white hamburger menu icon. Below the header, there is a blue bar with the text 'Occasion Registration'. The form itself is white and contains several input fields: 'First Name', 'Last Name', 'email', 'Country Name' (with a dropdown menu showing 'USA', 'INDIA', and 'OTHER'), 'Lunch', and 'Vegetarian'. There is a 'Send mail' button with an envelope icon. At the bottom of the form is a 'Checkin' button.
